

Short Term Disability Insurance

Unimerica Insurance Company offers a short term disability insurance plan (26 week benefit period) with varying benefit levels. Enrollment is limited to once annually as determined by MRS. Policies are only available to employees working at least an average of 30 hours per week.

NEW ENROLLEES:

Short term disability benefits are not payable for a pre-existing condition unless the disability begins after the employee has gone 12 consecutive months from their effective date without treatment for the condition or if the employee has been insured for short term disability benefits for 24 months.
