OTHER	HB 5422-5424	Bottle deposit escheats/fraud: A package of bills that would shift the distribution formula for any unclaimed deposits that are returned to the state to include 20% to distributors, 15% for fraud investigations in addition to the 25% retailers receive today. 75% of the remaining 40% would be used to improve recycling in Michigan. The bills also crack down on distributors/retailers selling returnable containers without first originating the deposit on the container.	Reported by House Reg. Reform on 2/11/20. Referred to House Ways & Means							While MRA has reservations about the proposed percentage returned to distributors and the amount used for fraud, using unclaimed deposits to fund recycling efforts is a step towards building the infrastructure needed to someday move away from the deposit system.
	SB 779	Bottle deposit over-redeemer fund: A bill to modify the payment timing for distributors and manufacturers who originate the deposit on containers both as under and over-redeemers.	Referred to Senate Natural Resources						Under review	
	SB 174	Cage-free egg standard delay: Legislation that makes various changes to the animal industry act also includes a change to push back the requirement all eggs sold in Michigan be considered cage-free. The requirement is supposed to go into effect April 1, 2020 and would be moved back to Dec. 31 2024 at the industry's request.	Amended and reported by Senate Agriculture on 10/17/19	Passed Senate 21-17 on 10/24/19	Reported by House Agriculture on 10/30/19 and House Ways & Means on 11/6/19	Passed House 74-36 on 11/6/19	Signed by the governor on 11/21/19	P.A. 132 of 2019 takes effect on 2/19/20		The cage-free requirement is effective for sales after Dec. 31, 2024.
	SR 72	Family Meals Month: A resolution to recognize September 2019 as Family Meals Month in Michigan.	NA	Senate approved SR 72 on 9/10/19	NA	NA	NA	NA		MRA requested this resolution.
	HB 4947	Lab-grown meat labeling: Legislation to prohibit labeling lab-grown meat substitutes as "meat."	Referred to House Agriculture						Monitoring	Ironically the bill uses the term "lab-grown meat substitute" to define the products that cannot be labeled as meat.
	HB 5257	Photo ID on food assistance cards: Legislation to require a recipients digital photo image and signature to appear on food assistance cards issued by the State of Michigan.	Referred to House Families, Children & Seniors						Monitoring	Similar legislation has been introduced in the past and had not moved. There are concerns about stigma of photos on benefit cards and practical issues with multiple family users.
	HB 4500	Repeal statewide preemption on plastic bag ordinances: Legislation that seeks to repeal legislation MRA supported prohibiting local ordinances banning or taxing plastic bags.	Referred to House Local Gov.							
	HR 204	WIC bottled water approval: A resolution to urge Congress to enact legislation making bottled water a WIC-eligible item.	Referred to House Families, Children & Seniors						Monitoring	
HUMAN RESOURCES										
JEFFITS	SB 233	\$16 minimum wage: Seeks to create a \$16 minimum wage for individuals with five years relevant experience and a high school diploma.	Referred to Senate Gov. Operations							It is highly improbable that this bill will move, especially given the committee it was referred to.
	HB 5034	Duty-free meal period: Would ensure employees are receiving a 30-minute duty-free meal period if they work five or more hours. The meal period can be paid or unpaid.	Referred to House Commerce						Monitoring	
	HR 25 & SR 16	Min. wage and paid leave change legality: The Michigan legislature passed resolutions asking the Michigan Supreme Court to weigh in on the legality of adopting then amending initiated laws raising the minimum wage and creating medical leave benefits.	NA	House approved HR 25 and Senate approved SR 16 on 2/20/19	NA	NA	NA	NA		This was done in response to a state senator's request for an attorney general opinion on the matter. If the AG weighed in unfavorably, it was expected the matter would end up in court.
	HB 4299	Minimum wage increase: The legislation seeks to restore the timing of the \$12 minimum wage increase prescribed by a ballot proposal last year was introduced as HB 4299.	Referred to House Gov. Operations							It is highly improbable that this bill will move, especially given the committee it was referred to.
	HB 5036 & SB 542	Overtime pay: Would raise the standard salary level to exempt employees from overtime pay higher than the recently finalized Dept. of Labor rule. These bills would increase the threshold each year until reaching \$1,057/week (\$54,964 annual salary) in 2024. That would then go up each year by the annual percentage increase in wage growth.	Referred to House Commerce/ Senate Gov. Operations							
	HB 4425	Parental leave: A bill to require employers provide paid parental leave for employees to attend school-related events.	Referred to House Commerce						Monitoring

	HB 4868-4879	Payroll fraud: A package of bills that would increase criminal penalties for payroll fraud, prohibit policies on non-disclosure of wages and non-compete agreements, allow anonymous complaints of employment misclassification, and punish employers for falsely classifying an employee as an independent contractor.	Referred to House Commerce						Under careful review	The bills follow Attorney General Dana Nessel's efforts to combat payroll fraud. Nessel launched a Payroll Fraud Enforcement Unit in April.
	SB 453	Unemployment benefit increase: Legislation that would increase the number of weeks an individual can receive unemployment benefits to the pre-2012 level of 26 weeks (currently 20 weeks is the cap).	Referred to Senate Gov. Operations						Monitoring	
	HB 4894-4903	Unemployment benefit rights: A package of bills that would increase the number of weeks an individual can receive unemployment benefits to the pre-2012 level of 26 weeks. The package also allows action against false fraud claims, prevent state UIA data breaches, increase deficient payment amounts, and grants greater rights to claimants who were impacted by the 2013-2015 UIA computer errors.	Referred to House Commerce						Monitoring	
	HB 4623	Wage theft: Legislation that would dramatically increase the penalties and restitution owed by employers who have committed wage theft.	Referred to House Commerce							This is unlikely to move and would increase the penalties already set in statute by an unreasonable amount.
HIRING PROCESS	HB 4117	Credit history info in hiring process: Would ban the use of credit history in the hiring process unless the employer is a bank, public accounting firm, casino or insurance companies that offer certain insurance products. The legislation would allow an individual to bring a civil suit to obtain damages or relief.	Referred to House Reg. Reform						Monitoring	
	HB 4326	Criminal history: Legislation to make it illegal for an employer to request information related to an arrest, criminal accusation or criminal convictions of a job applicant before offering employment.	Referred to House Commerce						Monitoring	The bill creates a new act but is unlikely to see legislative action.
	HB 4058	Felony arrest info in hiring process: Would prohibit an employer other than a police agency from requesting, making or maintaining a record of a job applicant's felony arrest or detention. Current law only extends this protection to misdemeanor offenses.	Referred to House Judiciary						Monitoring

BILL #	RECENT CHANGE	BILL SUBJECT/DESCRIPTION	COMMITTEE ACTION	ACTION IN HOUSE OF ORIGIN	COMMITTEE ACTION	ACTION IN SECOND HOUSE	GOVERNOR	PUBLIC ACT (EFFECTIVE DATE)	MRA POSITION	NOTES
TE	HB 4852	Drones prohibit local rules: Would prohibit local regulations of drones that are more stringent than state law.	Referred to House Communications & Technology							
	HB 4300	Drone investigations: Would prohibit the use of drones for natural resources investigations without the property owner's consent.	Referred to House Communications & Technology						Monitoring	
	HB 4806 & 5445	Electric vehicle charging stations: Legislation to allow private businesses to charge above the rate of electricity for use of electric vehicle charging stations on their property and to create a registration process.	Hearings in House Energy on 2/5/20 and 2/12/20						 in concept	
	HB 4173, 4307, 4308, 4310-4312, 4323, and 4916-4918	Internet gaming/sports betting: Legalizes online gaming/gambling and sports betting in casinos. The state claims these bills will cause a \$30 million loss in iLottery revenue that goes to the State's School Aid Fund.	Reported by House Reg. Reform on 3/19/19 and House Ways & Means on 10/29/19	Passed House on 10/30/19	Amended and reported by Senate Reg. Reform on 12/11/19	Passed Senate on 12/11/19	Signed by the governor on 12/20/19	P.A. 148-159 of 2019 took effect on 12/20/19	Neutral	It's expected that sports betting will begin in March around the NCAA March Madness basketball tournament.
PRIVACY	HB 4186-4187	Data breach notification: The bills would require businesses who have a data breach directly notify customers of that breach within 45 days after confirmation of a breach. It also details the investigation process a business must use to determine if a breach occurred.	Reported by House Financial Services on 3/13/19 and House Ways & Means on 12/10/19							MRA testified before the House Financial Services Committee on amendments retailers need added to the bill in order to be supportive.
	HB 4658	Drivers license scans: Legislation to prohibit businesses from scanning a state-issued ID like a driver's license unless it is to verify identity for a return or non-cash payment, to verify age when selling age-restricted items, prevent fraudulent returns, check services, or a federally-authorized purpose. If a business does scan a state-issued ID it must not retain that information in its systems.	Referred to House Commerce						Under review	
	SB 652-655	Identity theft/data breach contract requirements: Legislation that would put a requirement in statute that businesses accepting credit card payments follow their contracts with the card brands in regards to data breach notification timelines.	Referred to Senate Insurance							We think having state law interfere with contracts is redundant and unnecessary.
ENVIRONMENT	HB 4564	Energy savings: Legislation that would require utility companies provide customers with information on programs that would save them money. The bill would also restrict usage and sale of the customer's energy usage data collected by the utility.	Referred to House Energy						Monitoring	
	HB 5455	Environmental protection max corporate fines: Legislation to increase the max fine for certain violations of the Natural Resources Protection Act including leaking underground storage tanks to 5% of a corporation's gross revenue for the previous fiscal year if that revenue was over \$5 million.	Referred to House Natural Resources						Monitoring	
	HB 5006	Polystyrene ban: Bills to prohibit the sale, distribution and use of polystyrene food packaging.	Referred to House Natural Resources							
	HB 5420	Renewable energy by 2050: Legislation to require use 100% renewable energy sources by 2050. The percentage would increase from the 12.5% current standard to 15% by 2025, 50% by 2032, and 75% by 2040 to reach 100% by 2050. Includes a process to extend timelines for utilities that show good cause.	Referred to House Energy						Monitoring

HB 4719		Sales/use of tar sealants: Would prohibit the use or safe of coal tar sealants or other petroleum or fuel-based sealants that contain polycyclic aromatic hydrocarbons (PAHs).	Referred to House Transportation						Monitoring	
SB 388		Free birth control coverage: Would require health insurance plans offered to Michigan residents include coverage of birth control medications and procedures without a copay. The bill includes an exemption from the requirement for churches.	Referred to Senate Insurance						Monitoring	
HB 4451		Prescription eye drop coverage: The bill would prevent an insurer from denying coverage for refill prescription eyedrops. Eyedrops administered at home can be spilled or accidentally wasted and may require early refills which have been denied in some cases.	Amended & reported by House Health Policy on 5/16/19 and House Ways & Means on 6/4/19	Passed House 105-4 on 6/19/19	Reported by Senate Health Policy on 10/29/19	Passed Senate 36-0 on 11/13/19	Signed by the governor on 12/4/19	P.A. 139 of 2019 took effect on 12/5/19	Monitoring	
SB 570-573		Surprise medical billing: Legislation that would end the practice of surprise medical bills from out-of-network providers. The bills would require the nonparticipating provider to either disclose the out-of-network status and get the patient's prior approval. If it was not disclosed and approved, the out-of-network provider would be limited in how much they can charge.	Hearing in Senate Insurance & Banking Committee on 10/30/19 & 11/6/19							Senate version
HB 4459, 4460, 4990, 4991		Surprise medical billing: Legislation that would end the practice of surprise medical bills from out-of-network providers. The bills would require the nonparticipating provider to either disclose the out-of-network status and get the patient's prior approval. If it was not disclosed and approved, the out-of-network provider would be limited in how much they can charge.	Amended and reported by House Health Policy on 11/7/19, referred to House Ways & Means							House version
HB 5409		Adjustable-height adult changing tables: Legislation that would require spaces open to the public in buildings over 40,000 square feet to include an adjustable-height adult changing table that can be used by persons with disabilities of either sex. These would have to be installed upon the next major renovation.	Referred to House Reg. Reform							These adult-sized changing tables take up a large footprint in small bathrooms and cost \$10,000- 15,000 each.
HB 4699		Blight fine liens: Bipartisan legislation to allow a local unit of Gov. to put liens on other properties owned by a common owner of a blighted property that is not paying assessed fines.	Referred to House Local Gov.						Under review	
HB 4516-4517		Disabled parking signs: Legislation that would update the design of disabled access signs (parking signs etc.) to include the new international symbol of access and require businesses to use the new design when replacing signs. The new design would replace handicapped signs, must not use the term handicapped, and must include instruction such as "reserved."	Amended and reported by House Health Policy on 10/3/19 and House Ways & Means on 10/3/19	Passed House 108-0 on 10/10/19	Referred to Senate Health Policy				Monitoring	The legislation could potentially create a situation where entities would have to post two versions of the signs to comply with both state and federal standards or run the risk of litigation if the new design isn't approved by the federal Gov..
HB 5019		Prohibit state rules banning vaping products: A bill that seeks to prohibit the state from implementing rules banning the sale or manufacture of flavored vaping products that contain less than 2% nicotine.	Hearing in House Reg. Reform on 10/22/19						Monitoring	This comes in response to the emergency rule prohibiting the sale of flavored vaping products.
HB 4386		Repeal no stricter than federal provision: Seeks to repeal a law passed last year prohibiting rules stricter than federal standards.	Referred to House Oversight							It is highly unlikely the legislature will overturn a law it recently approved.
HB 5486		Service animals in training: A bill to require places open to the public including retail shops and restaurants to modify its policies to permit the use of a service animal by a trainer.	Referred to House Reg. Reform						Monitoring	
HB 4835-4838		Small business liaisons: A package of bills to create a small business economic development growth acceleration board, small business director and liaisons to various state agencies.	Hearing in House Commerce on 10/17/19						Under review

SB 613		Tipping policy posting: Legislation to require employers to post notice of their employee tipping policies in public view.	Referred to Senate Gov. Operations						Monitoring	
TAXES										
SALES TAX	HB 4824-4825	Back-to-school sales tax holiday: Legislation that would create a one-day sales tax holiday on the third Saturday of August each year. Eligible items would include clothes valued at \$100 or less, computers under \$1,000, and computer accessories valued under \$500.	Referred to House Tax Policy							
	HB 4880-4881	Clothing sales tax holiday: Legislation that would create a week-long, clothing sales tax holiday the second week of August each year. Eligible items would include clothes valued at \$100 or less, protective equipment used in a trade/business environment and sports or recreational equipment designed to be worn.	Referred to House Tax Policy							
	HB 4165-4166	Feminine hygiene products: Legislation that would exempt feminine hygiene products from the state's sales and use taxes.	Hearing in House Tax Policy on 10/2/19						Neutral	
	SB 123-124	Feminine hygiene products: Legislation that would exempt feminine hygiene products from the state's sales and use taxes.	Referred to Senate Finance						Monitoring	
	HB 4513-4514	Firearm safety devices: These two bills would exempt firearm safety devices from the state's sales and use taxes.	Referred to House Tax Policy						Monitoring	
	HB 4540-4543	Wayfair codification & marketplace facilitators: A four bill package that codified the <i>Wayfair v. South Dakota</i> case allowing states to require sales tax collection for businesses selling over \$100,000 in sales or 200 or more separate transactions annually. It also required that third party sales that occur on marketplaces like Amazon, eBay, and Etsy include sales tax.	Amended and reported by House Tax Policy on 6/19/19 and House Ways & Means on 10/8/19	Passed House 110-0 on 10/10/19	Reported by Senate Finance on 11/13/19	Passed Senate 36-0 on 12/4/19	Signed by the governor on 6/25/19	P.A. 143-146 took effect on 1/1/20		*MRA PRIORITY*
PROPERTY TAX	SB 163	PPT broadband equipment exemption: The bill would exempt broadband equipment from the Personal Property Tax.	Referred to Senate Finance						Monitoring	
	HB 4214-4215	PPT exemption threshold increase: Legislation to increase the exemption threshold from the Personal Property Tax filings for small businesses from \$80,000 in commercial personal property to \$100,000 in personal property.	Referred to House Tax Policy							MRA supports the legislation but wonders if it goes far enough in addressing the challenges of the commercial personal property tax.
	HB 4025, HB 4047, SB 26, & SB 39	Property tax increases: Four bills seek to increase property taxes by increasing the cost and length of time it takes to appeal property valuations. The bills would also effectively eliminate using sales of comparable properties to value property, thereby relying on the much more expensive cost approach and increasing property taxes.	Referred to House Local Gov./ Senate Finance							MRA has strongly opposed past legislation and has already shared our concerns with legislators about this dangerous approach.
	HB 4030	Special assessment districts: Would allow a local unit of government to spread the cost of improvements across a special assessment district on a pro rata frontage basis or any other equitable manner.	Amended, reported by House Local Gov. on 2/5/20, referred to House Ways & Means						Monitoring	MRA proposed changes and is ok with the amended H-3 version reported by House Local Gov. even if the bill is unnecessary and doesn't include all the aspects we requested.
	HB 4182	Child care credit: Legislation that would create a new tax credit for businesses that offer child care to workers.	Referred to House Tax Policy						Monitoring	Similar legislation was introduced last session but did not move.
HB 4089	City income taxes: Would prohibit cities from assessing non-residents with an income tax. Currently 23 cities in Michigan have income taxes, all of which have a resident and non-resident rate.	Referred to House Local Gov.						Monitoring		
HB 4781	Corporate income tax increase: A bill that would increase the corporate income tax rate 2.5 percentage points to 8.5%. Revenue would be used to pay for infrastructure improvements.	Referred to House Tax Policy							The bill is tie-barred to other road-funding bills as part of democrats road funding package.	

BILL #	RECENT CHANGE	BILL SUBJECT/DESCRIPTION	COMMITTEE ACTION	ACTION IN HOUSE OF ORIGIN	COMMITTEE ACTION	ACTION IN SECOND HOUSE	GOVERNOR	PUBLIC ACT (EFFECTIVE DATE)	MRA POSITION	NOTES
INCOME TAX	HB 5252	Flint City income tax: Legislation that would allow the City of Flint to increase its city income tax rate from 1% to 1.5% on residents and 0.75% on non residents. It would also allow the city to charge the higher 1.5% income tax to corporations located in the city.	Referred to House Local Gov.							The language in the bill is based on population counted in the last federal census (100,000- 110,000) and recent estimates put the city of Flint below that number. This could be a temporary tax increase.
	SB 607	National Guard/reserve employee credit: Legislation that would give employers up to \$5,000 income tax credit for hiring unemployed national guard members or a member of the reserve forces of the United States and employing them for at least one year.	Referred to Senate Finance						Monitoring	
	HB 4582 & SB 315	Teacher supplies credit: Legislation to allow teachers to deduct up to \$1,000 in school supplies from their annual income tax returns.	Referred to House Tax Policy/ Senate Finance							Similar legislation has been introduced in the past and had not moved but it could encourage greater spending on school supplies.
	HB 4180	Unemployed workers credit: A bill that would create a new tax credit for hiring unemployed workers. Similar legislation was introduced last year but did not move.	Referred to House Tax Policy						Monitoring	Similar legislation was introduced last session but did not move.
	HB 5233	Unemployed veterans credit: A bill that would create a new tax credit for hiring unemployed veterans for full time positions.	Referred to House Tax Policy						Monitoring	
	SB 788	Voluntary disclosure agreements: Legislation to allow voluntary disclosure agreements for city income tax collection between current non-filers and local governments.	Referred to Senate Finance						Monitoring	
OTHER	HB 5095	Ammunition tax: A bill that proposes a 10% excise tax be added to all sales of ammunition in the state. The tax would be collected similar to sales/use taxes. Revenue would be used for crime victims rights.	Referred to House Tax Policy						Monitoring	
	SB 235	Entertainment tax: Legislation that would create a new 10 percent excise tax on the admission charge for entertainment events for things like museums, zoos, professional sporting events, concerts, amusement parks, botanical gardens, and other cultural events.	Referred to Senate Finance						Monitoring	This bill is highly unlikely to move. The bill would exempt K- 12 school events, collegiate athletic events and events sponsored by a nonprofit or charitable organization. Funds would go towards police and firefighter's retirement benefits in the community where the event occurred.
	HB 5255	Fuel tax decrease: A bill to lower the gas tax on both gasoline and diesel fuel by 10 cents/gallon to 16.3 cents per gallon. This would be lower than the pre-2017 tax rate.	Referred to House Transportation						Under review	
	HB 4963-4964	Local fuel taxes and registration fees: Bills that would allow local units of government to set local fuel taxes and local vehicle registration fees.	Referred to House Tax Policy						Monitoring with concerns	Allowing local fuel taxes could make tax collection more challenging for retailers and create competitive disadvantages.
	HB 5366	Paint excise tax: Legislation to create a 25-cent per gallon excise tax on architectural paint sold in Michigan. The tax would be collected in the same manner as the use tax.	Referred to House Tax Policy							
	HB 4691-4692	Storm water/rain tax: Legislation that would allow local units of Gov. to set up a storm water management utility to address water runoff and snow melt by assessing utility fees proportionate to the property size and its contribution to water runoff.	Hearing in House Reg. Reform on 10/29/19						Monitoring	One of the bills is sponsored by the chair of the committee so these are likely to see movement.
OTHER										
	SR 12	Alcohol on rivers: A resolution that seeks to overturn a USDA Forest Service order banning alcohol consumption on or within 200 feet of the shores of certain Northern Michigan rivers (the National Wild and Scenic River sections of the AuSable, Manistee, and Pine rivers).	Referred to Senate Natural Resources							MRA members have expressed concerns about the impact this will have on nearby stores. USDA has agreed to delay implementation until at least 2020, giving us more time to work on overturning the order.
	HB 4303	Daylight Savings Time: A bill that would end Michigan's participation in Daylight Savings Time.	Referred to House Commerce						Monitoring	Similar bills attracted a lot of discussion last session but little movement.
	HB 4101	DDA board makeup: Legislation that allowed the designee of a municipal CEO to sit on the board instead of the CEO him or herself.	Reported by House Local Gov. and House Ways & Means on 2/26/19	Passed House 108-0 on 3/5/19	Reported by Senate Econ. Dev. On 4/30/19	Passed Senate 36-0 on 6/12/19	Signed by the governor on 6/25/19	P.A. 29 of 2019 took effect on 6/25/19	Neutral

TOURISM	HB 4368-4369	Post-labor day school start: A bill to eliminate restrictions on the start of the school year. Retailers have opposed such legislation since it puts additional pressure on staffing and tourism.	Reported by House Education on 5/7/19, Referred to House Ways & Means							HB 4368 is sponsored by the chair of the House Education Committee, an indication of likely movement.
	HB 4046	Prevent bans of short term rentals: The bill would prevent a local unit of Gov. from claiming a short-term rental is a commercial use of property and thereby prohibited by zoning requirements.	Hearing in House Local Gov. on 5/1/19						Monitoring	
	SB 306	Principal shopping district assessment areas: Legislation to include residential real property located in a Principal Shopping District (PSD) in special assessments that benefit the PSD and those properties.	Reported by Senate Econ. Dev. on 6/6/19	Passed Senate 31-5 on 11/13/19	Hearing in House Commerce on 1/16/20					This is a reintroduction of HB 5325 that the legislature approved last term but was vetoed by Gov.. Snyder.
	HB 5307	Road construction business loss reimbursement program: A bill to create a reimbursement program for businesses that lose revenue due to an expected street closure or construction project that extended beyond its scheduled end date. Reimbursements would be up to \$15,000 annually.	Referred to House Commerce						Under review	
	HB 4544-4563	Short-term rentals: The bills would require the state to set up a registry of short-term rental owners, require certification that the owner has at least \$1 million in liability insurance and require payment of all taxes and assessments owed for the preceding tax year. If the owner does not meet these requirements, they will be banned from offering the property as a short term rental.	Amended and reported by House Commerce on 6/6/19						Monitoring	
	SB 723	Tax increment financing plan extension approvals: Would require an amendment to an approved development plan or tax increment financing plan that extends the number years specified in the original plan to be approved by the local government unit if less than 1/2 the revenue generated would be used to retire debt.	Referred to Senate Economic & Small Business Development						Monitoring	
	HB 4046	Zoning prohibiting vacation rentals: Legislation to clarify that zoning regulations cannot specifically apply to residential short-term rentals, like vacation rentals by the owner.	Hearing in House Local Gov. on 5/1/19						No position	
OTHER	HR 175	Buy Nearby Weekend: A resolution declaring Oct. 4-6 as Buy Nearby Weekend in Michigan.	NA	House approved on 10/3/19	NA	NA	NA	NA		
	SB 288	Distracted driving: The bill would only allow use of hands-free devices while driving. It would also add one-to-two points on an individuals driving record for repeated distracted driving offenses, which are defined as holding or using a portable electronic device.	Referred to Senate Judiciary						Monitoring	
	HB 4688 & SB 351	Discrimination based on sexual orientation/gender identity: Bills to add sexual orientation and gender identity as protected classes to the state's civil rights act.	Referred to House/Senate Gov. Operations						Monitoring	
	SB 347	Driving while impaired: A bill to make driving with five or more nanograms of marijuana in the body a crime.	Referred to Senate Judiciary						Monitoring	
	HB 4980-4985	Expungement of certain crimes: Would allow automatic expungement of non-assaultive crimes, serious misdemeanors or other offenses punishable by 10 or more years imprisonment from an individual's record. The bills would expunge up to 2 felonies and 4 misdemeanors if more than 10 years has passed since the completion of time served, parole, and restitution was paid, etc.	Amended and reported by House Judiciary on 10/29/19	Passed House on 11/5/19	Referred to Senate Judiciary				 Support with changes added	Several groups are requesting changes to ensure expungement only happens automatically if the individual hasn't been convicted of a subsequent felony or misdemeanor offense. ORC and retail fraud would be automatically expunged after 10 years since the statutory max sentence is 5 years in prison.
	HJR P	Legislature approval of initiated petitions: A joint resolution that seeks to amend Michigan's Constitution to prohibit the legislature from approving citizen laws (initiated petitions) without a vote of the people.	Referred to House Gov. Operations						Monitoring	This would prevent the legislature from adopting and amending citizen-initiated laws with a simple majority vote.
	HB 5199	Micro-business grants/loans: A bill to create a microenterprise development organization to make loans or grants for Michigan-based businesses with five or fewer employees.	Referred to House Commerce						Monitoring
