Thank you for supporting MRA PAC!

MRA PAC INVESTMENT BENEFITS

An active legislative program helps bring bottom-line benefits to the retail community across the state. Your contribution helps MRA elect retail-friendly legislators and maintain the industry's strength.

Your contribution is crucial to continuing our efforts to maintain a retail-friendly legislature.

HOW IS THE MRA PAC DIFFERENT FROM THE GOVERNMENT AFFAIRS DEPARTMENT?

Our government affairs department works with elected legislators to support business and retail-friendly legislation and prevent burdensome regulations from becoming law. The MRA PAC actively supports legislators to help ensure that we have a retail-friendly legislature elected every two years. With term limits, it is imperative that we have elected leaders who understand retail issues.

WHO CAN CONTRIBUTE TO THE MRA POLITICAL ACTION COMMITTEE?

All owners and managers of MRA member stores can contribute to the MRA PAC. Contributions may be structured by using any of the payment options listed on the previous side.

IS THERE A LIMIT ON CONTRIBUTIONS ALLOWED?

There is no limit on the amount one can contribute, but the law is very specific about the types of accounts from which contributions can be made. Personal checks, as well as funds drawn from sole proprietorships, partnership accounts and limited liability companies, can be accepted by MRA PAC. *No corporate contributions may be accepted.*

FEDERAL AND STATE INCOME TAX INFORMATION:

Contributions or gifts to the MRA PAC are not deductible as charitable contributions at either the state or federal level.

AS A MRA PAC CONTRIBUTOR YOU WILL:

- Receive our digital, biweekly Government Affairs Newsletter reporting on Lansing's political scene and important legislative actions.
- Receive public acknowledgement of contributions annually in an issue of the *Michigan Retailer*.
- Receive a complimentary copy of MRA's Capitol Directory of legislators.
- Have access to MRA's government affairs department to answer any questions.

Your contribution receives recognition!
